

SIDHARTH D

IoT Development | Artificial Intelligence | Machine Learning

Kazhakkootam, Kerala, India | +91 9846524801 | ugsidharth@icloud.com | linkedin.com/in/sidharth-d | github.com/ugsidharth

SUMMARY

Computer Science undergraduate specializing in IoT development, artificial intelligence, and machine learning. Experienced with hardware prototyping (ESP32, Raspberry Pi, Arduino), edge AI, facial recognition, and telecom data analytics. Skilled in Python-based data analysis and hands-on system debugging.

SKILLS

Programming Languages: Python, C++, C, Bash, HTML/CSS, LaTeX, Arduino IDE, ANSYS
IoT & Hardware: ESP32, Raspberry Pi, Arduino IDE, MQTT, Hardware Prototyping, IoT Development
AI / Machine Learning: Machine Learning, Facial Recognition, Edge AI, Data Analysis, Telecom Analytics
Data & Analysis Tools: NumPy, SciPy, Pandas
Design & Creative: Figma, Photography, Videography
Operating Systems: Linux, Windows
Office Tools: Microsoft Office
Languages: Malayalam (Native), English (Fluent), Hindi (Conversational)

EDUCATION

B.Tech in Computer Science and Engineering
College of Engineering, Attingal (CEAL) | 2025 - 2029 (Expected)

Higher Secondary Education (Up to 12th Class)
Jyoti Nilayam Higher Secondary School, St Andrews Rd, Thiruvananthapuram, Kerala 695586 | 2025

CERTIFICATIONS

- AI/ML in Junior Telecom Data Analyst

AREAS OF FOCUS

- IoT Development & Prototyping
- AI & Machine Learning Coursework
- System Debugging
- Technical Documentation
- Photography
